SOAKED HEAVILY ON GUN CHARGE

**Gardner Jones, However, Flatly
Denies He Knows Anything
of Disappearance of Girl**

A jury in the county court Friday morning gave Gardner Jones, of Clark county, a fine of \$100 and 20 days in jail on the charge of carrying concealed a deadly weapon. The law also automatically disfranchises Jones from voting for two years. Through his attorneys, Messrs. C. C. Wallace, of this city, and Spencer, of Winchester, Jones plead guilty. Mr. Wallace plead mitigating circumstances for his client, saying that the young man had come to a strange town. Jones had said that he was afraid of trouble with his father-in-law, Wm. Stone, whose daughter, Maggie, Jones was also charged with taking from school. It was when coming to court last Tuesday to answer to this charge that the pistol was found in Jones' pocket in the court house by Sheriff Whitlock. County Attorney Jackson made a strong plea for the full penalty for a man who would come into the court house carrying a gun.

Immediately after the jury reported on this case, trial was entered into charging Jones with contributing to the delinquency of his sister-in-law, Maggie Stone. The father of the girl told of her having stayed for some time with Jones and his wife, who is a sister of the missing girl. Twelve-year-old Emma Stone, ten-year-old Maggie Stone, and ten-year-old Albert Stone told of seeing Maggie Stone get in a buggy with Jones and leave the Black school shortly after noon last court day. Miss Effie Williams, the teacher, told of seeing a man about Jones' size in the road.

When Jones was put on the stand himself he absolutely denied having taken the girl away with him and denied any knowledge of her whereabouts. He made a good witness for himself, claiming that he had only been interested in helping his little sister-in-law. He said that he had wanted her to be with his wife, and had planned to send her to school in Clark county and arranged for it with the authorities there. He introduced Mr. Asher who runs the ferry at Booneville, who said that Jones had returned from Richmond court day, at which time he is alleged to have taken the girl away from the Black school, and crossed the ferry in his buggy, but alone. The theory of the prosecution is that Jones took the girl and put her on the early afternoon train at Shearer, sent her to Red House and got her in his buggy there. Jones, however, flatly denies that he had anything to do with taking the girl. He said that she had said several times that if she was compelled to return home, she would run away. He claimed that he endeavored to convince her that that was the wrong thing to do.

Judge G. Murray Smith is assisting County Attorney Jackson with the prosecution. There is considerable interest in the case and a large crowd is hearing it tried.

Clay Aldridge, circuit clerk of Clark county, was introduced as a character witness for Jones. He said that he bore a good reputation. He said that he had heard Sheriff Woodson McCord, of Winchester, saying that Jones had never been in trouble.

A. M. Jones, father of the defendant, also testified. He said he knew nothing of the whereabouts of the missing girl.

Fred Singleton and Jesse Glover, former neighbors of Jones, testified as to his good reputation.

Early Warner said that he heard Jones say that Stone would be sorry if he didn't let Maggie come home with him; and that he had never wanted anything in his life that he didn't get. Ed Callahan, a youth, said that Jones said he could mark it down that the girl wouldn't stay at home.

The case progressed far enough so that it seemed probable the jury would get it about 3 o'clock.

There are still two cases to try against Jones: using abusive and insulting language and the peace.

QUICK ACTION MAY COME ON TREATY

Washington, Aug. 15—More than 20 republican senators are ready to stand for quick ratification of the peace treaty with reservations. Senate democratic leaders were informed today by leaders of the republican group or reservation advocates, if the treaty be brought promptly out of the committee. Although Senator Hitchcock, administration leader, disclaimed any part in the negotiations, it is evident the move has reached proportions which might threaten the plans of the committee for calling additional witnesses and prolonging consideration of the treaty.

LOVE AFFAIR

**Said To Have Caused Paint Lick
Girl's Awful Suicide**

The funeral of Miss Lou Hudgins, of Paint Lick, who died from injuries caused when she poured coal oil on her dress and set fire to it, was held in the Richmond cemetery Thursday. Just what caused the girl's rash act is not known, but it is reported that a love affair was at the bottom of her trouble. The girl was only 15 years old.

VETO FOR DAYLIGHT SAVINGS REPEAL AGAIN

Washington, Aug. 15—President Wilson today vetoed the bill repealing the daylight savings law, declaring the pressing need of the country was for production by industry. The President said he was obliged to balance one set to the disadvantage against another, and decide which is the more serious for the country. This was the second time the President vetoed repeal of the law, by which clocks are set forward an hour on the last Sunday in March and turned back an hour the last Sunday in October. The first repeal was several weeks ago the repeal being attached as a rider to the annual agricultural appropriation bill.

Food Control Bill Blocked

Washington, Aug. 15—Action on amendments to the food control act suggested by Attorney General Palmer as a means of reducing the high cost of living, were blocked in the Agricultural committee in the Senate today. Chairman Gronna hopes the committee will act finally Tuesday. Southern democrats defeated a motion for immediate consideration, taking the position that sufficient power now exists to meet the situation.

NORMAL REGENT FACES CONTEST

**Senator Brooks' Renomination
Questioned By Opponent.
—Official Count Saturday**

The renomination of Senator Hiram Brooks, of Harlan, as republican candidate for state senator in his district is going to be contested by W. W. Sergeant, of Letcher county, who was his opponent in the primary. Brooks won by several hundred majority on the face of the returns. He is well known here, being a member of the Board of Regents of Eastern Kentucky State Normal School. Sergeant will seek to prove that fraudulent means were employed to secure the nomination of Brooks. He will allege the expenditure of many thousands of dollars by the supporters of Senator Brooks.

The official count in the recent state primary is scheduled to be held by the State Election Board at Frankfort Saturday, the 16th. Reports from Frankfort are that unless returns are received from the primary in a number of counties in the State before Saturday, there may be contests of some of the elections. Secretary of State Lewis has telegraphed the dilatory county clerks of more than a dozen counties urging them to report at once.

The State Election Commission canvasses only such returns as have been certified to the Secretary of State by county clerks, and should subsequent returns give a majority to any candidate other than the one to which the commission authorized the nomination a contest would be sure to result. Adair, Hopkins and Jefferson counties have made only partial reports on the results of the State races, and Butler, Carter, Cumberland, Graves, Hart, Henderson, Knox, Marion, Scott and Warren counties have made no reports at all.

Gov. Cox on the Job.

Columbus, O., Aug. 15—Governor Cox announced today the state would issue 40 warrants for the arrest of Ohio food profiteers. He also said he would ask the federal government to confiscate 2,000,000 pounds of meat and poultry held in cold storage.

The warrants, it was learned later, were largely for managers of big Chicago packing companies. Gov. Cox said evidence showed the packers shipped food into the state and then back to Chicago and finally back to Ohio.

Austria Must Produce Kun

Geneva, Aug. 15—The allied governments have informed the Austria government that it will be held responsible for Bela Kun, Hungarian communist leader, and for his delivery later for trial by an allied tribunal for shooting and hanging Hungarians during his reign in Budapest, according to an Innsbruck dispatch.

Taking No Chances

Washington, Aug. 15—Stenographic records will be made of the conference between President Wilson and the Senate Foreign Relations Committee at White House Tuesday for discussion of the peace treaty. Chairman Lodge was so informed today. The President said he would have a stenographer present in order that the committee could have a "full and trustworthy record of what's said," and suggested the committee also have a stenographer present. It is understood the official transcript will be made public.

The entire business section of Heller, a mining town in Southern Pike county, was destroyed by fire Wednesday. The post-office, a theatre, three grocery stores, a restaurant, and several residences were destroyed. Electric wiring is believed to have caused the fire. The loss is estimated at \$100,000.

A Great Remedy

The merit of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends."

Notice To Teachers

FACULTY COMPLETE FOR BIG HIGH SCHOOL

Board of Education Makes Appointments—Madison Institute Being Modernized

The roster of teachers for the Richmond City Schools is now complete. At a meeting of the Board of Education this week Miss Nellie Wilson Hill of Stanford, Lincoln county, was elected as teacher of Vocal Music for the coming year. She will take the place of Miss Lissa Holtzclaw, who resigned. Miss Hill has had thorough training for her work. She is a graduate of the Cincinnati College of Music, having specialized on public school music. She comes very highly recommended by the people of Stanford and she made a splendid impression on those who met her here.

The Board of Education is pleased to announce the return of Miss Alice Metcalf, of Pineville, to the Department of Instrumental Music. Miss Metcalf is already well known in Richmond by the splendid work she did here last year, and all music lovers will be glad to hear of her return. She has proved herself an artist of high rank and the city schools feel proud of her name on their faculty. Miss Metcalf will have her studio in the new central high school building, formerly the Madison Institute. Splendid quarters are being prepared for her there and the Board of Education has made arrangements for her to devote all of her time to the school. No more attractive place in the city could be secured for a music studio than the east parlor of the new high school and the Board feels assured that all of Miss Metcalf's students will be more than glad to go to her studio on the hill even though they are not attending the city schools.

A vacancy in the high school faculty has recently been filled by the election of Mr. R. S. Tandy, a native of Carrollton, Ky., who taught last year in Midland College at Midland, Texas. Mr. Tandy is a graduate of Georgetown College with the A. B. degree and also a graduate of Transylvania with a M. A. degree. He will teach mathematics and science in the new high school. He is recommended as being strong in athletics and will coach the athletic team of the high school with the assistance of the new principal, D. H. Stearns, who is also good in athletics.

Contracts have been let for the plumbing repairs, the repairs in woodwork and the painting on the new high school building. Work will soon be well under way on getting the building into shape for the opening of school on September 2nd. Four recitation rooms are being prepared to accommodate the four high school teachers. The assembly room will be made into two recitation rooms by the means of folding doors. A coat of paint will be given the parlors, the offices and the recitation rooms. A shower bath is being planned for the use of the athletic teams.

One of the finest features of the plan for remodeling is to make a gymnasium of the old kindergarten building. By the addition of some 30 feet to the length of this building it will be large enough for the regulation basketball hall floor. Here the high school basketball team will not only do its practice work but also stage its match games with other schools. The southeast corner of the grounds will make a splendid place either for a football gridiron or a baseball diamond.

Athletics will be made one of the strong features of the school work. The recent physical examinations of the young men of the nation to enter the army are convincing evidence of the urgent need of systematic athletic and physical culture in every school in the land. The high school course of study is well under way and will soon go to the printer. Everything bids fair to be in readiness when the gong sounds in the Corn Meon.

An Old Fault Finder

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

CONVENTION SEPT. 4 IN LOUISVILLE

Democrats of Kentucky will hold a platform convention in Louisville, September 4th. This was decided by a vote of 15 to 4 at a joint meeting of the Democratic State Central and Executive Committees in Louisville Thursday night.

Wm. F. Klair, of Lexington, made a strong effort to land the convention for that city. The committee were a unit in naming Thomas S. Rhea, of Russellville, campaign chairman, on recommendation of democratic nominees for state office.

Fifty-four hundred democrats will attend the convention as delegates, the basis of representation being one delegate to every fifty votes or fraction thereof cast for Woodrow Wilson in the last presidential election. Delegates will be named at mass conventions in each of the 100 legislative districts Saturday, August 30, at 2 p. m.

STOLEN AUTO FOUND

**Dr. S. C. Reid's Machine Located
Way Up In Ohio**

Dr. S. C. Reid, formerly proprietor of the Madison Drug Co., here, had his Buick car stolen in Lexington the other night, but it has been found. It was located in Springfield, O., according to a message to the Lexington police. Two white men who gave their names as Carl Cook and Earl Anderson, of Cleveland, are held as suspects and will be brought to Lexington for trial. The automobile was taken Sunday night from in front of 309 Bryant avenue, Lexington, the boarding place of Mr. Reid, who is a pharmacist at the Lexington Drug Company. A reward of \$100 was offered for the return of the car.

'Shiners Busy In Lee County

Sheriff Herb McGuire and deputies Lynn McGuire and Albert Stacey, of Lee county, broke up another moonshine still on Long Shoal Branch above the St. Helens Station. Govan Crawford and Bangord Gabbard were captured. The still and four gallons of whiskey were destroyed. As the officers were starting to town with their prisoners, Gabbard broke away and made his escape. Crawford was brought in and the next day he was tried in the county court and fined \$10 and 100 days in jail.

Kash Defeats Eversole

Official and complete returns from the Third railroad commissioner's district, in which Madison is located, show that by a majority of Jackson, won the republican nomination for Railroad Commissioner in the Third district. Kash received 12,941 votes and J. B. Eversole, of Hazard, 12,605 and Clay Cisco, of Mt. Sterling, 1,248. Cisco had withdrawn from the race but received a large complimentary vote. The nomination in this race is equivalent to an election as the democrats failed to put up a candidate as the district is overwhelmingly republican.

Results in Richmond**

Results tell the tale. All doubt is removed. The testimony of a Richmond citizen.

Can be easily investigated. What better proof can be had? Mrs. Nelson Ross, 419, Laurel St., Richmond, says: "My kidneys were weak and I had pains through my back and across my kidneys. At times I was nervous and dizzy. Doan's Kidney Pills, which I got at Middleton's Drug Store, soon made me better. I have often recommended Doan's Kidney Pills to others and consider them a splendid remedy."

POLITICIANS TO USE PHONOGRAPHS

**Canned Speeches By Party Leaders To Be Served Up To
Voters In Next Big Races**

(By Associated Press)
New York, August 15—Phonographs will be used by both the Republican and Democratic parties in the approaching presidential campaign, it is announced, the plan embracing a program which will permit the residents of small towns and hamlets to hear the speeches of eminent orators at the same time that the records are released in the large cities.

The phonographic campaign will be opened on September 1 when records containing utterances by Attorney General Palmer, speaking for the Democrats, and others registering the speech of United States Senator Lodge, voicing the sentiments of the Republicans, will be released. These speeches will be reproduced at clubs, societies' headquarters, churches, noonday meetings and in the homes of the party workers.

Following the release of the speeches of Attorney General Palmer and Senator Lodge, other records will be distributed monthly and it is expected that the meeting places and homes throughout the country will fairly echo and re-echo with the words of the orators as conveyed by means of talking machines. The extent of the part which phonographs may play in the campaign can be estimated by the statement that two manufacturers of the machines are known to have more than 2,000,000 phonographs in use in the United States.

Among the speakers scheduled for phonographic oratory by the Democratic National Committee are President Wilson, Secretary of War Baker, Secretary of Navy Daniels, former Secretary of the Treasury McAdoo and William J. Bryan.

Former President Taft, Major General Wood, Elihu Root, Chauncey M. Depew and United States Senators Johnson, and Borah are on the list of speakers chosen for talking-machine oratory by the Republican National Committee.

Beautiful Hosiery For Fine Footwear

It doesn't pay to spoil the effect of fine footwear with cheap appearing hosiery. This applies particularly in these days of short and close fitting skirts.

Because we want our customers to look like 100 cents on the dollar, we, after long study, picked out lines of hosiery which actually look as good as they are.

You will find everything here that is in style and in a wide range of prices. Not too conservative, either, but just what every sensible woman would pick for herself.

TOBACCO CROP SIZE

HINGES ON WEATHER

Whether the Burley will be large and of good quality depends entirely upon the weather from now on, according to tobacco experts. H. F. Hillenmeyer, of Fayette, says if there is an average rainfall of one inch a week the rest of this month, the yield will be larger than last year, altho he estimates the price will decline from 10 to 12 cents a pound. This year there is the largest tobacco acreage in the history of Central Kentucky. Mr. Hillenmeyer said: Most of the land has been devoted to wheat, corn and tobacco and of the last-named product there is an increased acreage of about 15 per cent above normal, he estimates. Practically all tobacco growers planted their crop when the ground was wet and when the weather turned hot in June, much of the tobacco was burned in transplanting. There was hardly a field that did not have to be reset, Mr. Hillenmeyer stated. The early tobacco was damaged by the dry weather, but the late crop with the exception of being irregular is looking good and is growing rapidly.

The recent drouth has been broken by nice rains and crops are coming out and growing fine.

Blackberries Save The Day

Notwithstanding all fruit crops are practically valueless this season, the blackberry crop is saving the day for the good housewives, who can't sleep well of nights if their pantry shelves are not provided with plenty of preserves and jam. The Mt. Vernon Signal says that W. R. Gott & Co., are shipping from Mt. Vernon an average of 125 cans of blackberries a day. These cans hold seven and eight gallons to a can. What goes out from Mt. Vernon is a small part compared with those shipped from all other points in that county. J. S. Gott, of Berea, is the buyer for the Lippincott Co., all over the state. Never has there been known a crop of blackberries the equal of the 1919 crop and had it not been for Mr. Gott thousands of gallons would no doubt, have wasted in the fields. Mr. Gott figures that he will pay to the people of Rockcastle county, alone not less than \$13,000 for berries. He has already bought and shipped over 60,000 pounds which is over 10,000 gallons. Rating these at 30 cents per gallon, a sum of \$3,000 has been paid to the people by this one crop already. James Chaney brought a couple of wagon loads to Mt. Vernon and got \$144 for them.

Experts figure living costs lower in Louisville than in either Indianapolis, Columbus or Cleveland.

PUBLIC SALE

OF

573 Acres of Blue Grass Land Every Foot of Which Will Raise Tobacco

On Tuesday, Sept. 2, 1919

AT 10 O'CLOCK A. M., ON THE PREMISES

I will offer for sale publicly for Mrs. Mary Harris Clay, of Bourbon county, her farm situated about six miles south of Richmond, at Harris Flats on the Louisville & Nashville Railroad, and on the Menalus pike, in Madison county, Kentucky.

This is part of the famous "Blythewood" farm which was owned and operated by the late Major John D. Harris. This farm is well known all over Kentucky, and everyone who knows it is of the opinion that there is no better land in world.

Every acre will produce the finest grade of tobacco. All of the farm except 90 acres is now in grass and has been for a number of years. The grass is of the finest quality and never fails to produce a grade of cattle which is unsurpassed in the Bluegrass region.

The whole farm is now ready for the production of tobacco, corn, hemp, wheat, in fact anything that any farm in this climate can produce.

This Land will be sold in Tracts as follows:

TRACT No. 1—Situated on the east of the Menalus pike, no improvements except good stock scales and lot; good pond fed by an everlasting spring. All in bluegrass and has been for a number of years. Bounded by the L. & N. Railroad on the north and the Menalus pike on the west, containing 142.62 acres.

TRACT No. 2—Situated on the west side of the Menalus pike and fronting on the L. & N. Railroad on the east. On this tract is a four room cottage and two tenant houses and the LARGEST TOBACCO BARN IN MADISON COUNTY. Will hold 30 acres of tobacco. This tract is watered by a large concrete tank, fed by a spring, is all in bluegrass except about 70 or 75 acres which is in corn or tobacco. This tract contains 200 and a fraction acres.

TRACT No. 3—Adjoins tract No. 2 on the south and contains 229.87 acres. This tract is all in grass except 15 acres and every foot of it is ready for tobacco. This tract is watered by a large concrete tank fed by an everlasting spring, and also the south line of this tract is Silver Creek.

All of the above tracts front on the Menalus pike and have good building sites on them. It is very seldom that you have an opportunity to purchase land in as high a state of cultivation as all of these lands. In fact, THERE IS NO FARM IN MADISON COUNTY IN AS HIGH A STATE OF CULTIVATION AS THE ABOVE LANDS.

THIS IS YOUR OPPORTUNITY

DON'T FORGET THE DATE—TUESDAY, SEPTEMBER 2nd, 1919, at 10 A. M. Terms will be made known on day of sale and will be liberal.

Mr. T. J. Curtis or the undersigned will take pleasure in showing this farm to prospective purchasers.

It's refreshing to know that so many men who usually vote the republican ticket, are wholly out of sympathy with leaders of that party in the United States senate, who seem actuated by no real ambition except to belittle President Wilson, and minimize the important work he has done for world peace, when once their motives are sifted to bottom. The editor of the Berea Citizen, a republican newspaper, has several times, stated the case very succinctly. We note that another such man resides down in Lincoln county in the person of Dr. Taylor, pastor of the Baptist church at Stanford. Dr. Taylor preached at union services the other night, using reconstruction problems as his chief topic, and the problems Journal says that he was enthusiastic in his praise of President Wilson, who he said believes was created and spared to serve his country at this particular time. "I am not a democrat, and am a republican, but I thank God for such a man as Woodrow Wilson," he said with much emphasis.

There are too many big things in life and the world today for mere partisanship in politics to count among people who think for themselves and hope to see good done for their country. The republican senate leaders may find this out someday.

The Elizabethtown News says it was 50 years old this week and at the same time that the editor is some years older. We should say he was 50 and some years young anyway for there's no more virile writer in Kentucky, and none who stands for the right as he sees it with more courage than Col. Harry Sommers. May he and his splendid paper enjoy life together for another half century is the wish of his host of friends among the rural press.

In a Class By Himself

There is a series of cartoons running in some of the papers, headed "Things That Never Happen." A Madison county man furnishes good ground for one of them by refusing to accept the provisions of his aunt's will giving him her entire estate, saying that there are other rightful heirs and that he only wants his share. Mr. J. A. Robinson is the gentleman who has done this un-

heard of thing, and in a class by himself—Interior Journal.

In County Court

E. P. Benton was appointed by the county court as overseer of road No. 139, to succeed J. M. Tudor, deceased. J. R. Epperson, an aged resident of Ford, who has been a helpless paralytic for 20 years, is dead. He is survived by his widow and two daughters, Fay Epperson, of Ford, and Mrs. Anne McNaughton, of Dayton, O.

The big drive of the Kentucky Grand Lodge, Knights of Pythias, to pay the debt and raise an endowment for the Pythian Home begins Aug. 15 and continues until August 30.

Jim Allen Says

in Cynthiana Democrat
The chief trouble with the whole country is, too many people are trying to get a living without working.

The announcement that the underwear will go higher has no terrors for us. Ours does that everytime it is washed.

A Mercer county weather prophet warns to prepare for a hard winter, as "the corn has long whiskers." No danger in Harrison. The corn around here is too weak to grow even a mustache.

The Lexington Herald paragoner says his chief objection to paying \$6 for a silk shirt is that a fellow has to stuff so much of the joyous thing into his "britches" where nobody gets any benefit. Shows what he knows about it. A silk shirt that costs only \$6 wouldn't reach to his "britches."

The Georgetown Times thinks there is a bright future in the advertising field for Col. R. C. Oldham, late candidate for Lieut. Governor. It is hoped his defeat will not lead to the erroneous belief that advertising doesn't pay. He came very near winning, but how many votes would he have received had he not advertised?

Up in a certain section of a neighboring county a soldier boy just returned is said to have received a joyous welcome after church Sunday.

"Why Bill," regretfully cried one of his admirers, "they say you didn't git to be an officer." "No," replied Bill dolefully, "they said I was an illiterate." "No sech a thing," exclaimed his mother, hotly; "your brother

Danger Lurks In Summer Foods For Babies

EVERY mother knows the evil effects of summer heat on cow's milk. This danger is equally great to all foods unless carefully kept in a cool place away from insects.

Bad food loses its nourishing value. It causes constipation and diarrhea. These are at best always prevalent in the summer time. They depress the mind and weaken the body, and may cause more serious illness.

The first precaution is to see that the stools are regular and normal. In the case of babies and children, if less than twice a day you may suspect constipation; if more than three times a day, diarrhea. A remedy is then

needed that will regulate and tone the bowels, and you will find none safer and better than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that millions of mothers constantly have in the house for just such purposes.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. A free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

HERE'S THE GREATEST ARMY STORY EVER TOLD

The following description, copied from a letter found near a Southern Railway station and apparently written by a member of the Air Service at Scott Field, in Illinois, to his father, causes us to wonder if the imaginative author of Gulliver's Travels has come back to earth reincarnated in the form of a young American soldier:

"I have been appointed mess sergeant of the Flying Detachment, Scott Field, and to show you what I do I will give you a few examples of our work and efficiency.

"1. The kitchen range is 500 feet wide and 3,000 feet long, takes 27 experienced firemen to keep the heat at the necessary temperature, 400 cooks on duty all the time, 1,000 mechanical stokers for kitchen police, and 1,000 assistant kitchen police who look after the stokers.

"2. Two hundred washing machines used for washing the potatoes, 14 steam shovels used to shovel eggshells away from the kitchen door. Twenty-two Liberty motors are used in the coffee mills. Dirty dishes are hauled out of 11 furnaces, as all the

dishes are paper and are burned after each meal. Hot cakes are mixed with 19 concrete mixers, and 46 men with bacon rinds attached to their feet continually shake over the large griddle to keep it greased. Soup is made in an artificial lake, keeping 84 dump trucks busy hauling the necessary ingredients. Cooks use steel boats and are dressed in asbestos clothing, and every few minutes row to the center of the soup lake and drop depth bombs to stir the soup properly; 67 fire engines are used to pump the soup on the tables. Bread is cut with 11 high-power band saws. A perforated endless conveyor belt is used to properly salt and pepper the victuals; 20 large street sprinklers are used to place syrup on the cakes. Coffee is made in a 600-gallon can and pumped to be served tables through pipes. Six-inch mains are installed from 20 of the biggest dairies in the country for the supplying of milk. Radiotelephones are used for the transmission of orders to the cooks by myself, the mess sergeant. I also use a motor cycle in traveling around the dining hall, and kitchen. All cooks wear gas masks at all times. Small trucks are used to carry the silverware.

"Now, dear father, you can form an idea of just what I have to do and why I do not desire to quit the arm."

Lift off Corns!

Doesn't hurt a bit and Freezone
costs only a few cents.

With your fingers! You can lift off
any hard corn, soft corn, or corn be-
tween the toes, and the hard skin
calluses from bottom of feet.

A tiny bottle of "Freezone" costs
little at any drug store; apply a few
drops upon the corn or callus. In-
stantly it stops hurting, then shortly
you lift that bothersome corn or
callus right off, root and all, without
one bit of pain or soreness. Truly!
No humbug!

Party At Boonesboro

Mr and Mrs. J. Miller Ward and
their son, Mr. Samuel Clay Ward,
of Paris, entertained delightfully on
Friday evening with a swimming
party and picnic supper at Boones-

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheu-
matism, why waste time with lini-
ments, lotions and other local ap-
plications that never did cure
Rheumatism, and never will?

Do not try to rub the pain away,
for you never will succeed. Try
the sensible plan of finding the
cause of the pain. Remove the
cause, and there can be no pain.
You will never be rid of Rheuma-
tism until you cleanse your blood

of the germs that cause the dis-
ease. S. S. S. has no equal as a
blood cleanser, scores of sufferers
say that it has cleansed their
blood of Rheumatism, and remov-

Cash Premiums of \$40,000 Is the Guarantee Fair Banner Beef Show

Of the \$110,000 offered in prizes for live-stock and agricultural exhibits at the seventeenth annual Kentucky State Fair to be held in Louisville the week of September 8-13, \$40,000 has been apportioned to the Beef Cattle and Fatted and Feeding Cattle Department alone. In consequence, it is expected that the greatest exhibit of fine cattle in the history of the Fair will be entered for competition in this department.

It was the purpose of the State Fair management, in assigning this gigantic sum to the cattle division of the Fair to stimulate the rapidly waning industry of cattle raising and breeding and the interest already exhibited proves the potency of the move.

Three of the leading brokers of America have entered many carloads of the choicest steers and she stuff in the fatted and feeding cattle class and the whole allotment will be sold at public auction to be held on the State Fair grounds, beginning Thursday of Fair week. Jack Lawler, Sheriff and Lett and William Daniels and Brother of Chicago, are the consignors of three cars of steers and two of helters for the first, three cars of steers and two of helters for the second, and four cars of steers and one of helters for the last named.

These entries have every one been selected by competent judges from the many thousands of cattle passing

through the Union Stock Yards in the past ninety days and will offer a splendid opportunity for feeders and dealers.

Although a lesser sum was assigned to the beef cattle department last year a most encouraging exhibition was the response to the Fair's substantial premium awards and, arguing from this fact it is expected that the competition and auction in the cattle department will eclipse any former event in Fair history. A great showing of Herefords marked the 1918 exhibit, but a better one is looked for this season. With \$5,000 offered in the Short-horn Division it is expected that this competition, which is open to the world, will bring forth an unusual showing.

The Black-faced Aberdeen/Angus have also developed popularity and are regarded as strong "comers."

A Kentucky Futurity with \$3,000 in awards, is announced for breeders and owners of the above named varieties of cattle. \$1,000 is set aside for the Herefords, Shorthorns and Aberdeen Angus breeds.

The futurity is limited to Kentucky cattle only and is for animals under two years of age. There will be six classes for each breed. The various rules and rings will be found in catalogs which will be mailed on application to Fount T. Kremer, Secretary Kentucky State Fair, Louisville, Ky.

Simply as an inducement to secure a large attendance and to create some fun and amusement, mingling pleasure with business, Valuable Presents and Souvenirs will be given away FREE, and whether a buyer or merely a spectator, your chance at the presents is the same if you are on hand promptly at 10 a. m.

TERMS VERY EASY! **OWN YOUR OWN HOME!**
These lots will be sold on the ground, so you can see what you are buying, and remember there will be no by-bidding at this sale. We have been in business 10 years and we have sold land from the Great Lakes to the Gulf, and never yet have we placed a by-bidder in any crowd. In the past you have bought land at the owner's price; at this sale you make the price; let the owner make or lose. The opportunity of a lifetime for a safe and conservative investment and at your own price.

"Young Man, Own a Spot of Ground Somewhere"—Carnegie

No one will disagree with us when we say that real estate is the root of riches, the basis of all wealth, and is positively bound to increase in value; millions of people being born every day, but ~~no more~~ real estate being made; will you place your money in automobiles, pianos, and wild cat stocks, or will you place it in the bosom of Old Mother Earth, and create a competence for your old age? Or if you are already beginning to travel down the shady side of the span of life, look back and think, if you had only followed the rule of putting all your savings in dirt? Do not say, "I am too old;" many a fortune has been made in real estate after a man was seventy.

But What We Wish to Call Your Particular Attention To Is:

THAT—Each and every lot in this sub-division will positively change hands of above date.
THAT—These lots are ideally located, being high and dry and in one of the best residential sections near the city.
THAT—These who stand quiet and see the other fellow own these lots, three years from now will be crying that old song, "If I had only bought a lot in Lancaster Heights, see what it would be worth today."

WATCH THESE LOTS INCREASE IN VALUE

But will you stand watch the other fellow reap all the benefits? Get in on the ground floor and reap some of the harvest that is sure to come to the wise investor.

On all new streets a plan has been marked out to guarantee sidewalks and macadamized streets, so that no purchaser will find himself in the mud. Also building restrictions adequate for the protection of the purchaser and the property will be placed on each lot or tract sold. This guarantees a high class sub-division.

How Are You Going To Keep 'Em Down On The Farm

ANSWER

With Electric Lights

DELCO LIGHTS MAKE THE FARM HOME MORE ATTRACTIVE TO THE GIRL OR BOY

When Delco Light is installed there is no longer as great incentive for the son or daughter to go to the city. Its conveniences are brought to their home in the country. The daughter can have electric lights in her room, an electric curling iron and all other comforts that are so much desired by young women. It makes the chores easier for the son and provides power for operating labor saving tools. Delco Light so modernizes the farm home that it brings cheer and satisfaction to every member of the family. If you are desirous of bringing your home up to date and of giving your wife and family a real home, with lights, bath, running water, etc., get in touch with the

WIND STORMS CYCLONES AND TORNADES

The season for these destructive forces is now upon us. Chimneys, roofs and entire buildings can easily be destroyed in a few minutes. The cost of my windstorm policy is so very reasonable you cannot afford to go uninsured. Better protect yourself at once by taking out a policy in one of my large companies. Let me make you feel safe and probably save you a big loss.

War Orphans Of France Dying From Malnutrition And Shock

The children of France have not yet emerged from the shadow of the war. With peace assured, and a happier future opening before them, it becomes increasingly evident that the child life of France has suffered a shock from which it is difficult rally; while the birth rate has dropped to 8 to each 1,000 population.

The Fatherless Children of France, an American organization co-operating with a similar one in Paris of which Marshal Joffre is the head, reports that of the children receiving American aid to the extent of 10 cents a day under its plan of securing American godmothers for the little French war waifs, its records show an average of 700 children's deaths per month since the armistice.

The help of American godmothers came too late to save these undernourished nerve-shocked little ones. Mrs. Walter S. Brewster of Chicago, vice-chairman of the Fatherless Children of France, has been appointed chairman of a campaign to secure American aid for the 60,000 little war orphans whose names were on the lists of the organization as "unadopted" before signing of the armistice. Ten cents will care for a child for an entire day; \$300 for a month; while \$36.50 a year the donor may select a child from the list at the organization's headquarters and be placed in correspondence with it. To adopt a child or make a donation write for information to Mrs. Walter S. Brewster, Room 634, 410 S. Michigan Avenue, Chicago.

One of the most enjoyable events of the season was the picnic at Lock, last Wednesday. About one hundred people with baskets of good things to eat, went over to the Lock for a spend the day. At noon they spread their dinner under the shade of the trees. All kinds of good things to eat were had in abundance, and plenty of good music from two players pianos. After dinner the boys went in bathing, diving into the Lock pit. While there a big government boat came down and was locked there. The crowd who went were Mrs. Carrie Quilling, of Lexington, Mr. Clinton Griggs, of Iowa, Mrs. Willoughby and daughter, of Richmond, Mr. and Mrs. Benton, of Richmond. It was a very tired crowd that got into College Hill about 6 p. m. but they all wished for another spend the day at the Lock soon.

Trutona.**

Louisville, Ky., Aug. 15.—A hearty appetite, renewed strength and vigor, steady strong nerves and increased weight—these are but a few of the remarkable benefits Mrs. J. M. Cockrill, 2011 Lytle street, this city, has gained from use of Trutona.

"After being bedfast for three weeks with the flu I was left in a terribly run down condition. My liver wasn't acting properly and I was subject to severe spells of dizziness, which almost blinded me at the time. My tongue was thickly coated, denoting a weak stomach. I simply couldn't stand any excitement.

"I was losing weight when I began taking Trutona, and it's hard to believe that I've actually gained it all back now. My appetite increased so rapidly that I thought for awhile I would surely have to discontinue using the medicine. My nerves are strong and steady now. My liver is in better shape, too. In short, I feel like a different woman. Trutona has given me new life and strength."

Trutona is now being introduced and explained in at H. L. Perry & Son.

MYSTERIOUS PAINS AND ACHES

**Make Life Hard To Bear For Many
Richmond Women**

Too many women mistake their pains aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Richmond case:

Mrs. Wm. Royce, 329 Big Hill Ave., says: "I was bothered with kidney trouble and my back ached and pained me. I could hardly do my housework. I had severe dizzy headaches. My kidneys were weak and my ankles and feet were swollen. I used Doan's Kidney Pills, from the Madison Drug Co., and they rid me of the trouble. The backache left me and my kidneys acted regularly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Royce had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 6-3w

FORD GETS 6 CENTS IN BIG LIBEL SUIT

(By Associated Press)
Mt. Clemens, Mich., Aug. 15.—Damages to the extent of 6 cents were awarded to Henry Ford, automobile manufacturer in his suit for \$1,000,000 against the Chicago Tribune, for publication of an editorial headed, "Ford Is An Anarchist." A jury in Judge James Tucker's court returned the verdict last night after deliberating 11 hours and 20 minutes.

The amount of costs that Henry Ford may receive, from the Chicago Daily Tribune in addition to the six cents damages awarded him last night by the jury which heard his libel suit against the Chicago newspaper, will not exceed \$50, as under the Michigan law where nominal damages are awarded not more than \$50 costs can be assessed. Some attorneys hold, however, that Ford could demand only 6 cents from the Tribune.

Britain's Ratification Complete
(By Associated Press)
London, Aug. 15.—The act of Parliament ratifying the German peace treaty has been assented to by King George and thus becomes the law.

Uncle Anderson Hatfield, 84, former leader of the Hatfields in the Hatfield-McCoy feud in Pike county during the 80's, is said to be seriously ill with death expected hourly. He is one of the best known men in that section, and for 30 years had been a good citizen.

A Traveling Man's Experience
You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

Mr. and Mrs. E. V. Elder motored to Paris Sunday and spent the day as guests of the former's brother, Mr. F. S. Elder, and Mrs. Elder and family.

**82 Years Old and
As Good As A Youngster**
"7 or 8 years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels, affecting the liver and heart. For more than a year I wanted to die, but could not. Upon the advice of a friend I tried Mayr's Wonderful Remedy, and although 82 years old I now feel as good as a youngster." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomachs, including appendicitis. One dose will convince or money refunded.

Mr. and Mrs. Lewis Neale and children, Lewis Jr., and Mary McRoberts, spent the week-end with Mr. and Mrs. George McRoberts at Danville.

**Dr. THACHER'S
LIVER AND BLOOD
SYRUP**

Is what you need. It's a purely vegetable tonic and blood purifier. Mildly laxative or thoroughly cathartic according to the dose.

It wakes up a lazy LIVER and keeps it "on the job." It induces healthy action of the KIDNEYS. It puts the BOWELS in good condition and keeps them that way. YOU need something of this kind—and every member of the family, from the children up, does too. Get it at your drug store.

"For two years I suffered with some kind of stomach trouble and indigestion. I tried several remedies, but could get no relief until I tried your DR. THACHER'S LIVER AND BLOOD SYRUP. Two bottles cured me. I have no trouble with my stomach now; can eat anything I desire without fear."—Miss Fannie Johnson—Tenn.

RYE ROSEN VARIETY

Was selected and improved from an envelope of Russian Rye furnished in 1909 by Mr. Rosen, a student from Russia at the Michigan Agricultural College. This variety immediately began to show its superiority and after proving its ability to double the yields obtainable with any other variety, it was widely distributed through the Farm Crops Department by Agricultural Colleges.

Rosen Rye is a stiff strawed, large headed variety, which when pure, ordinarily has four full rows of grain on over 99 per cent of its heads. It seldom winter kills and is rapidly taking the place of wheat on lighter soils and under adverse climatic conditions.

The acreage planted to Rosen Rye this fall will be enormous. Anticipate your needs and place your order now.

Friends here sympathize with Mr. Smith over the bereavement of his sister, Mrs. Lave Reed, who is always a very delicate little woman and is now a very much brokenhearted mother.

Mr. R. L. Smith, wife and children were also present, from Sunday night until Monday evening, having driven his nudes through Sunday.

Mr. and Mrs. John Durham and daughter visited Mr. Wink Cosby's folks Sunday, who reside on the Jack's Creek pike.

The people here were somewhat disappointed Sunday as Rev. Winkler failed to fill his appointment as pastor of the Antioch Christian church.

The farm of 204 acres belonging to Mrs. Elizabeth Tarkington about five miles from Danville, was sold at public auction. Robert Tarkington, the place at \$225 per acre.

MYSTERIOUS PAINS AND ACHES

Make Life Hard To Bear For Many Richmond Women

Too many women mistake their pains aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Richmond case.

Mrs. Wm. Royce, 329 Big Hill Ave., says: "I was bothered with kidney trouble and my back ached and pained me. I could hardly do my housework. I had severe dizzy headaches. My kidneys were weak and my ankles and feet were swollen. I used Doan's Kidney Pills, from the Madison Drug Co. and they rid me of the trouble. The backache left me and my kidneys acted regularly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Royce had. Foster-McBurn Co., Mfrs., Buffalo, N. Y. 6-3w

FORD GETS 6 CENTS IN BIG LITEL SUIT

(By Associated Press)
Mt. Clemens, Mich., Aug. 15.—Damages to the extent of 6 cents were awarded to Henry Ford, automobile manufacturer in his suit for \$1,000,000 against the Chicago Tribune, for publication of an editorial headed, "Ford Is An Anarchist." A jury in Judge James Tucker's court returned the verdict last night after deliberating 11 hours and 20 minutes.

The amount of costs that Henry Ford may receive from the Chicago Daily Tribune in addition to the six cents damages awarded him last night by the jury which heard his libel suit against the Chicago newspaper, will not exceed \$50, as under the Michigan law where nominal damages are awarded not more than \$50 costs can be assessed. Some attorneys hold, however, he can collect no costs and in that event Ford could demand only 6 cents from the Tribune.

Britain's Ratification Complete
(By Associated Press)
London, Aug. 15.—The act of Parliament ratifying the German peace treaty has been assented to by King George and thus becomes the law.

Uncle Anderson Hatfield, 84, former leader of the Hatfields in the Hatfield-McCoy feud in Pike county during the 80s, is said to be seriously ill with death expected hourly. He is one of the best known men in that section, and for 30 years had been a good citizen.

A Traveling Man's Experience
You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

Mr. and Mrs. E. V. Elder motored to Paris Sunday and spent the day as guests of the former's brother, Mr. F. S. Elder, and Mrs. Elder and family.

82 Years Old and As Good As A Youngster
"7 or 8 years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels, affecting the liver and heart. For more than a year I wanted to die, but could not. Upon the advice of a friend I tried May's Wonderful Remedy, and although 82 years old I now feel as good as a youngster." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomachs, including appendicitis. One dose will convince or money refunded.

Mr. and Mrs. Lewis Neale and children, Lewis Jr., and Mary McRoberts, spent the week-end with Mr. and Mrs. George McRoberts at Danville.

Constipated, bilious, dizzy, headache, nervous, irritable, feeling bad all over, whole system congested. "All plugged up."

DR. THACHER'S LIVER AND BLOOD SYRUP

Is what you need. It's a purely vegetable tonic and blood purifier. Mildly laxative or thoroughly cathartic according to the dose. It wakes up a lazy LIVER and keeps it "on the job." It induces healthy action of the KIDNEYS. It puts the BOWELS in good condition and keeps them that way. YOU need something of this kind—and every member of the family, from the children up, does too. Get it at your drug store.

"For two years I suffered with some kind of stomach trouble and indigestion. I tried several remedies, but could get no relief until I tried your DR. THACHER'S LIVER AND BLOOD SYRUP. Two bottles cured me. I have no trouble with my stomach now; can eat anything I desire without fear."—Miss Fannie Johnson—Tenn.

RYE ROSEN VARIETY

Was selected and improved from an envelope of Russian Rye furnished in 1909 by Mr. Rosen, a student from Russia at the Michigan Agricultural College. This variety immediately began to show its superiority and after proving its ability to double the yields obtainable with any other variety, it was widely distributed through the Farm Crops Department by Agricultural Colleges.

Rosen Rye is a stiff strawed, large headed variety, which when pure, ordinarily has four full rows of grain on over 99 per cent of its heads. It seldom winter kills and is rapidly taking the place of wheat on lighter soils and under adverse climatic conditions.

The acreage planted to Rosen Rye this fall will be enormous. Anticipate your needs and place your order now.

Get pure Michigan grown Rosen Rye. Buy, pure, original Rosen Rye. State Rosen Rye when you buy your seed.

Limited quantity of this rye offered for immediate sale at \$2.25 per bushel in new 2 bushel bags.

Timothy Seed Purity 99 1-2 percent; germination, 95 percent; the highest quality at \$6.40 per bushel.
